

KVFF Camping Guidelines

Who can camp at the KV Showground?

- Volunteers, performers and stallholders only.
- Campers under 18 must be supervised by a responsible adult guardian.

Access

- Only one car is permitted per campsite.
- Camping areas are accessed through the gate at the bottom of the public car park adjacent to the Village Green Nursery as shown by [map on the website](#).
- Volunteers & performer camping areas at the showground can only be accessed by set-up & decor teams prior to Friday at 9am unless exception has been arranged and communicated to volunteer@kangaroovalleyfolkfestival.com.au.
- Stallholders can arrive from Thursday afternoon.
- All other Volunteers & performers can access the camping areas from **9am Friday morning** once they have checked in at the Festival office and received their camping wristbands which they need to show the camping team on the gate.
- **Preference is to check-in at the registrations first**, then set up camping. If there is a bottleneck at the registrations you can set up camping first but be ready to show gate volunteers proof of your role at the festival.

Where to camp?

- Please refer to the designated camping areas shown on the [map on the website](#) or in the program so that you are familiar with the areas where you are permitted to camp. This may be different from previous years areas, so please respect the new zones.
- The camping team on the gate will direct you to the appropriate area. Please follow their directions.
- Keep access roads and emergency access points clear during the festival – no cars, tents or other equipment is to block them.
- If you are camping on the oval and you have kept your car with your tent, it needs to remain there for the entirety of the festival.

Camping protocols

- Make economic use of the space available for camping, so as many people as possible can fit in, but allow adequate space for other campers.
- When arriving and leaving, drive slowly (walking pace) through the camping area to access your camp site and park your car as close as possible to your camp site.
- If you think you will need to use your car during the festival then park it in the Festival Parking area once you have set up camp. **We need to minimise all vehicle movement during the festival to keep everyone safe.**
- If you're a food vendor needing to restock throughout the festival, stall coordinators will communicate the process with you.
- All campers should be respectful and considerate of their neighbours.
- Keep noise levels down at the campsite late at night and early in the morning.
- Keep campsites tidy and place rubbish in the designated bins.
- No campfires under any circumstances.
- Generators are not permitted. There is extremely limited electricity available during the festival so plan ahead for any power needs.
- Drugs & Alcohol are not permitted to be brought in or consumed on the camping or festival grounds due to licensing requirements.
- Glenmack caravan park facilities are for their customers only
- Lost child? Their guardians number will be on their wristband, make sure the child feels safe and give the guardian a call.
